Attorneys for Defendants

IRONWOOD COMMUNICATIONS, INC.

and 180 CONNECT, INC.

UNITED STATES DISTRICT COURT

DISTRICT OF OREGON

MICAH WILLIS, BRUCE THOMPSON and
TIM FRATTO on behalf of themselves and all
others similarly situated,

Plaintiffs,

v.

IRONWOOD COMMUNICATIONS, INC., a
Nevada corporation, and 180 CONNECT,
INC., Nevada corporation,

Defendants.

CASE No. CV-07-1252-KI

**DECLARATION OF BRENDAN
BURKE IN OPPOSITION TO
MOTION FOR CLASS
CERTIFICATION**

I, BRENDAN BURKE, hereby declare as follows:

1. I am over eighteen years of age and competent to testify in this matter. I have personal knowledge of the facts below.

2. I am a principal with the firm of Chicago Partners, LLC. I've been employed with Chicago Partners since 1999; originally as a Senior Consultant, then as a Director, then as

Vice President, and became a principal in 2006. Our firm specializes, in part, in statistical analyses of issues that occasionally arise in employment litigation, such as discrimination patterns and/or wage structures. We also consult with firms and analyze data in securities, trademark, patent, anti-trust, trading, banking industry, and intellectual property matters.

3. I have a Bachelor of Science degree in Chemistry from McGill University and a Ph.D. in Pure Mathematics from the University of Illinois at Chicago.

4. In this case, I was asked to analyze GPS data from Ironwood vehicles equipped with Global Positioning Satellite ("GPS") devices. It is my understanding that Micah Willis drove a company-owned van equipped with a GPS device, and I analyzed the raw data from Mr. Willis' GPS device for a period of approximately six months, from February 2007 to August 2007.

5. I was given certain information by Ironwood. First, I was told that Mr. Willis' reported home address was 7120 NE 9th Ave, Portland, OR. In the chart attached as Exhibit 1 to this Declaration, addresses very close to Mr. Willis' home address are colored orange. I understand that Ironwood's Vancouver office is located at 2802 NE 65th Avenue, in Vancouver, WA. This address and others very close to it are colored blue.

6. I have been informed that the way the GPS device worked was that every time Mr. Willis turned on the ignition or turned off the ignition to his truck, the GPS device recorded the address at which his vehicle was parked. Due to the nature of GPS capabilities, the addresses identified in my analysis, set out in Exhibit 1, show a street location, generally, but the specific street address might be off by a few numbers or might reflect the cross street if the location is on a corner. To illustrate, I have been told that Ironwood's Vancouver, Washington office is in an

industrial office park. Ironwood's building is a large structure that is partitioned for different businesses, each addressed separately. The GPS data might reflect one of the other addresses within the structure if Mr. Willis did not park immediately outside Ironwood's premises. As another example, if Mr. Willis was parked at the Vancouver office location, but because parking was limited, parked down the block or in another block, his location might show as 2664 NE 65th or 2666 NE 65th. In either case, I would assume, and my analysis reflects, that his destination was the Ironwood Vancouver office. Likewise, if Mr. Willis' destination was a business or home on a corner, the location attributed to that trip might show him arriving at a cross street, rather than the usual (or formerly noted) address. We accounted for these limitations in our analysis, and this is the reason I refer to general addresses, such as 26xx NE 65th Street.

7. Analysis of the GPS data along with Mr. Willis' timesheets revealed that Mr. Willis apparently spent big chunks time at home or locations other than work sites during the middle of the day. For example, in addition to his vehicle being parked at his home address frequently during the middle of a work day, Mr. Willis' truck was also often parked during the middle of a workday at an address I've designated 131xx E. Burnside St., Portland OR 97233 (or xx SE. 131st Place, Portland, OR 97233). On numerous occasions, it appears that Mr. Willis began and ended his work day at this location. Also, Mr. Willis frequently stopped at this location during the day, often after he apparently completed his first job of the day. Likewise, Mr. Willis often stopped at 102xx NE Glisan St, Portland, OR, 97220, usually close to the time he started in the morning, although he often stopped at this address as well after his first job of the day. These locations are referenced on Exhibit 1 in green and purple, respectively.

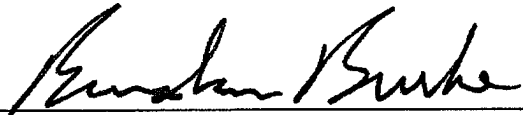

8. The GPS data showed that Mr. Willis regularly spent time during the day (recorded as work hours on his time sheets) at home or locations other than job sites. For example,

- 3/12/07 – Mr. Willis listed 12 hours worked on this day on his timesheet but he went home twice during the day, once for an hour and a half and the second time for 2 hours. The GPS data thus indicates that Mr. Willis spent 3.5 hours of the 12 hours on his timesheet at home.
- 3/13/07 – Mr. Willis has 9 hours worked on his timesheet for this day but the GPS data shows that he spent 6 and half hours of this 9 hours at home.
- 3/15/07 – Mr. Willis put down 11 hours on his timesheet, but the GPS data shows that he spent four hours and 12 minutes of this 11 hours at home.
- 3/31/07 – Mr. Willis put down 10 hours of work on his timesheet, but the GPS data shows that he spent an hour and 45 minutes of that 10 hours at home.
- 4/19/07 – Mr. Willis put down 8 hours worked this day on his timesheet, but the GPS data shows that he went home twice during the day, once for 6 hours and again for 2 hours.
- 5/6/07 – Mr. Willis put down 8 hours of work on his timesheet, but the GPS data shows that he went home twice during the day, once for a half hour and again for 4 hours and 45 minutes.
- 5/11/07 – Mr. Willis put down 11 hours worked on his timesheet, but the GPS data shows that he went home twice during the day for a total of two hours and 45 minutes.
- 5/14/07 – Mr. Willis put down 11 hours of work on his timesheet, but the GPS data shows that he went to and from 1512 N. Prescott twice. The first trip lasted an hour, and the second lasted an hour and 45 minutes.
- 5/24/07 – Mr. Willis put down 11 hours of work on his timesheet, but the GPS data shows that he went home three times during the day, each time for over an hour.
- 6/14/07 – The GPS data shows that Mr. Willis spent 3 hours at home during the middle of the day.
- 6/26/07 – Mr. Willis put down 12.5 hours worked on his timesheet, but the GPS data shows that he spent 2 hours and 15 minutes at home during this purported 12.5 hour workday.
- 7/11/07 – Mr. Willis put down 6.5 hours on his timesheet, but the GPS data shows that he went home twice during this time for over two hours.

- 7/5/07 – Mr. Willis put down 12 hours worked on his timesheet, but the GPS data shows that he spent 6 and a half hours at the Burnside Street address identified above.
- 7/22/07 – The GPS data shows that Mr. Willis spent four hours during the day at home.

I HEREBY DECLARE THAT THE ABOVE STATEMENT IS TRUE TO THE BEST OF MY KNOWLEDGE AND BELIEF, AND THAT I UNDERSTAND IT IS MADE FOR USE AS EVIDENCE IN COURT AND IS SUBJECT TO PENALTY FOR PERJURY.

Dated: March 31, 2008

Brendan P. Burke
